

What you need to know about Business Recycling

Why Recycle?

-  State law now requires all businesses that generate 4 or more cubic yards of waste weekly to recycle
-  Recycling may provide opportunities for your business to save money
-  Recycling helps conserve resources and extends the life of California's landfills. It also helps create a healthy environment for our community and future generations

How to Get Started

It's easy to recycle at your business

-  Make sure your business has arranged for recycling services (see below for more information)
-  Use the list on the other side of this flyer to help employees learn what items can be recycled
-  Separate recyclable items in external recycling containers for collection

Note: Any business or individual may donate, sell, and/or otherwise arrange for pickup of recyclable materials
