

Community Development Department

About Us

The City of Wasco's Planning Department provides planning, building inspection, and code compliance public services.

Our mission is to advocate for improving the overall quality of life within Wasco through ensuring excellence in physical design and construction, and the wise use of human and natural resources. The Department has a special challenge to be mindful of the long-range consequences of our actions related to the physical development of the City. The Planning Department promotes the inclusion of the public in all planning processes.

Porch/Patio Additions

How to Draw a Plot Plan

Indicate boundaries of the property with their corresponding dimension, indicating all streets, alleys and easements.

Note: City staff cannot determine your property lines for you.

Locate all existing structures on property showing their dimensions. Locate all proposed additions on the property showing their dimensions.

Indicate all dimensions between structures and property lines.

ft = feet PL = Property Line * not all properties will have easements
